

## **WHY DOES KAABA HAVE 4 SQUARES ?**

**(1)**

**Why does Kaaba have 4 squares ?**

**Why Kaaba** is not a structure like the following triangles, pentagons, hexagons, octagons, circles, pyramids, etc.?

Kaaba represents the 4 basic operations in maths.

These basic operations are : **Addition, Subtraction, Multiplication and Division.**

**The Black Stone** in a corner of Kaaba represents:

- i) 0 (Zero) in the mathematics,**
- ii) (.) point, that is, point-to-fraction numbers,**
- iii) and Natural Constants.**

**1.03 5.24 0.0025 etc. - Pi Number 3.14, Natural Logarithm 2.71, Gravity Constant, Planck Constant, Boltzman Constant, Faraday Constant, Atomic Mass Constant etc.**

**The biggest art of Holy Allah is Mathematics.**

**The greatest art of mathematics is 4 operations.**

Anything removed from universe does not defeat the universe's balance.

**You can not remove only 4 operations from universe.**

**If you remove 4 operations from universe It will Crash, it will disappear.**

## **WHY DOES KAABA HAVE 4 SQUARES ?**

**(2)**

**Kaaba: Cognate- Simulation** and teaching technique with **analogy** .

With this four-cornered building, **God** tells us people and djinns, that the universe **is built on four basic principles**.

The universe is a structure and system built on 4 pillars, columns, elephant foot.

**There are 4 basic elements in the universe.**

### **4 BASIC ELEMENT:**

- 1. Fire**-Energy
- 2. Water**- Liquid
- 3. Soil**-Mines
- 4. Air**-Gases

**Science is built on four basic elements.**

### **4 BASIC SCIENCE ELEMENTS :**

- 1. Mass** - Weight [grams, kilograms, tons etc)
- 2. Time**- (seconds, minutes, hours etc.)
- 3. Distance**- (cm, m, km etc)
- 4. Heat** -Energy (calorie, degree etc)

**WHY DOES KAABA HAVE 4 SQUARES ?  
(3)**

**4 corner Kaaba** is at the same time the informant and announcer of:

**4 Books:** [Torah, Psalms, Bible and Quran]

**4 Great Angels:** [Gabriel, Azrael, Michael, Raphael]

**4 Khalifas :** [ Abu Bakr, Omar, Osman ve Ali]

**4 Basic Movement Prayer ;**

## **WHY DOES KAABA HAVE 4 SQUARES ?**

**(4)**

**4 The operations is Allah's greatest art, and all the universes are built upon this art.**

**All Universes (Cosmos) Turn on 4 Operation and Mathematics.**

**Mathematics is the Sunnah in the Islamic religion.**

The world revolves around the sun in the opposite direction of the clock.

In the Kaaba, the direction of rotation is opposite of the clock.

The Muslim who circumambulate the Kaaba chimes with both Allah's grace and the greatest art, **Mathematics- Sunnah.**

The vision of circumambulating in Kaaba from above is like the turning of stars and galaxies.

All Galaxies in the universe turn from right to left and move towards their targets.

**Mathematics-Sunnah is the only way that the universe can go compatible and harmoniously.**

## WHAT IS THE PRAYER ?

Muslims celebrate approve and greet the 4 basic processes of **Mathematics (addition, subtraction, multiplication, division), which is the greatest art of Allah, with 5 timely prayers.**

Prayer is made of 4 basic movements.

1. Standing Up
2. Bowing
3. Prostratio
- n 4. Sitting

**1 Standing up** : is standing as the hands are tied

**It is like 1 and it is 1**

**2. Bowing:** To be divided into 2

It is like 2 and it is 2

**3. Prostration** : is made of 3 movements.

**i)** 1st Prostration 2nd Prostration 3rd Standing up or

**ii)** 1st Prostration 2nd Prostration 3rd sitting- **3 movements and it's 3.**

**4. Sitting :**

In the sitting in prayer the shape of the body is like 4.

**It is 4.**

## WHAT IS DJINN?

### **The Human is a Djinn.**

Allah created only the **Djinns** as wisdom, consciousness, free will.

Human, is a genuinely created **Djinn** with the **1,618 Golden Ratio**.

**The Golden Ratio** gives the most perfect and proportionate body structure to the creatures with bipedal skeletal structure.

The most important feature distinguishing humanity **from other Djinns** is the **Golden Ratio based** skeleton and body structure.

## WHAT DOES IT MEAN TO BE CREATED FROM FIRE ?

**Adam and Eve were created from the soil.**

**What is meant by "Satan from the line of the Djinn, is created from fire"?**

**7/A'RÂF Sura 12th verse**

**Translation of the verse: (Allahu Taala) said: "When I have commanded you (to prostrate), what does it stop you from prostrating yourself ?" Demon said: "I am better than him, and You created me from the fire and it from the soil (loam).".**

**To be created from soil and mud,** refers to the mother's womb, nutrient liquid [Plesenta] in the baby's mother's womb, the mother's milk-fed **Mammalian anatomical.**

**"Being created from the fire"** means that the creatures start out of the egg as the result of incubation.

Birds, snakes, crocodiles, chickens, turkeys, ostriches etc. are **"Creatures created from fire"**.

Human beings (human-humanoid) and djinns in the universe have two kinds of breeding techniques.

A human is a mammal. After birth, the mother feeds her with her own milk. **Being created from the soil** defines the mammal breeding.

Fertilized seeds directly give fruit, vegetables and grain. There is no need for a second **maturation-incubation** process of fruits, vegetables and grains.

In some djinn talons the baby develops in the egg as though it were in the same ostrich in the mother's womb.

The mother brings an egg to the world like the ostrich. The mother hides the egg in an incubation environment. Baby is born after incubation period.

All egg shells in the Universe are composed of **98% Calcium**. The rest are magnesium, manganese, iron, sulfur, boron etc..

When the groups **1A** and **2A** are alkaline earth metals (Sodium, Potassium, Calcium, Magnesium, Barium etc.) **are burnt**, they give their unique colors. Sodium yellow, barium green, etc..

**Calcium** gives orange and yellow colors, which are **the main colors of fire** when it is burned. The egg shell is a perfect combination of elements that give **full fire color**, full red, orange and yellow, very bright when burned.

Chickens, birds, snakes, tortoises, ostriches, fish etc. are hatching eggs after incubation period.

**"Being created from the fire"** means that the creatures start out of the egg as the result of incubation.

## WHAT IS ISRAEL AND ISRAELITES ?

**Israel** word meaning: **Executive Classes** ruling people, connected with kinship ties.

The peoples who lived in the history of mankind **are defined as Israel** according to the Islamic Order and the World Opinion, ie Shariah, ruling **by the Good or Bad administration systems**, all dynasties, families, relatives, descendants, generations, tribes and clans.

**Israel and Israelites: It is the name of the class of the ruling and monarchical governance in Islamic religion that** passed from the Father to the Son, from the Mother to the Son.

Islamic scholars and the world read and interpret the verses and hadiths concerning Israel and the Israelites in the form of the **Jews and the State of Israel.**

The interpretation of the verses concerning **Israel and the Israelites as Jews and the State of Israel** makes it difficult to understand the true meaning of the verses.

The big civilizations and the super powers of their time in history like Jewish, Ancient Egypt, Babylonian, Assyrian, Sumer, Hittite, Persian, Greek, Roman, Inca, Mayan, Indian, Chinese Japanese, Mongolian, Arab, Seljuk, Ottoman, Russia, Europe, America etc. they **were ruled by Israel and the Israelites.**

One of the most famous **Israeli and Israeli states** known in history is the **Ottoman Empire known as the Sons of Osman.**

**Sons of Osman are also Israelites.**

**The Hashemites, the descendants of our Prophet Mohammad, are also Israelites.**

The verses concerning **Israel and the Israelites** are divine laws that describe the past, present, and future of the dynasties of all ruling classes in the universe.

## WHAT DOES "SUN WILL RISE FROM WEST" MEAN ?

The Prophet Mohammad said, "The first sign of apocalypse is the sun rising from the west."

This Hadith is **an enthusiastic** hadith informing the establishment of the **United States of America**.

The United States of America was founded on **July 4, 1776**.

We understand the Hadith-i Sharif as If the Sun is born from the West, **then another Sun in the East must be setting**.

In 1776, the Sun that settled in the East was the "Ottoman Empire."

The Ottoman Empire entered the decline and decadence age with the **Treaty of Küçük Kaynarca in 1774**.

The Ottoman State is a State mentality that puts man in the center of everything because **man is human and the most honored** of the creatures.

From the foundation of the Ottoman Empire until its inception, it became the biggest enemy of **KÜFFAR (EMPERIALISM**, if we were to speak with the language that today's young people understand), always fighting **to crush and destroy Imperialism**.

**The Sun in the East is the Ottoman State.**

The Ottoman State is a Qur'anic and Hadithic State that has been the guardian of **the human as the most honored** of the creatures and the bearer of humanity no matter what its language, religion, sect, color, belief, idea and thought.

While the Constitution of the United States was established in 1776, the Ottoman State composed of 40 nations and the state was examined.

The truths and mistakes of the Ottoman State were examined in the table. Consequently, freedom of religion and conscience is the

**greatest truth** of the Ottoman State; It has been determined that the the **biggest mistake of Ottoman Government System is being Monarchy - Kingdom and away from the, Democracy, Republic and National Will.**

After these determinations, it was decided that the US Administration System should be a Democracy and a Republic.

Humanity has been governed historically by the Fascist, Communist, Theocratic, the Satanist, the Monarchist - the Management Systems, which do not have the **People's Assemblies and the National Will.**

Since 1776, the United States has become a good example and guide to all the countries of the world as a representative of Democracy, the Republic, the Assembly and the National Will.

**George Washington**, the first president of the United States, opened the way for Democracy and Republican government systems to dominate the world with the phrase "**I will not be a King**".

**Sun** is a symbol of progress in information, high technology, enlightenment, liberation from ignorance, freedom, independence, republic, democracy, national will, **justice and truth.**

## WHAT IS GOOD MORAL ?

**"Good Moral"** refers to Democracy and the Republic.

**Democracy and the Republic** are Islam itself, one of the most basic principles and orders.

This order is fixed with many Hadith-i Sharifs. Prophet Mohammad said;

**1. "Islam is the Good Moral." (Democracy and the Republic)**

**2. "Treat people with good morality."**

**3. "I was sent to complete the "Good Moral"**

**4. "I take refuge in you from my Evil Morality (Fascism-Communism-Teocracy-Satanism-Monarchism)."**

**5. "On the Day of Resurrection, there will be nothing heavier than the Good Moral in the mood of the believer."**

**6. "You are governed in such a way that how you are".**

**7. "I am not a King. I'm son of a woman who eats dried meat"**

The **"Good Moral"** in here is a metaphor - an analogy and defines **Democracy and the Republic** without any doubt.

As it is known, the Prophet Mohammad had to narrate and convey many **hadith as analogies** with the limited possibilities of the 7th century.

For example: in a Hadith-i Sharif Prophet said that "People will talk with the head of the whip when the time comes".

Here is a description of the **wired microphone and home phone systems**. The head of the whip is the **microphone and the handpiece**, and the tail is the cable..

The hadiths on "Good Morality" **describe the systems of democratic management, not moral attitudes.**

**ISLAM  
DEMOCRACY AND REPUBLIC  
(1)  
KUBA MOSQUE**

**Kuba Mosque (622): The First Great Parliamentary Assembly of Islam and Muslims - Parliament.**

**MINBAR in Kuba Mosque:** It is the same **as the rostrum** in all the democratic parliaments in the TGNA and in the world.

Kuba Mosque was **closed in 669** with the death of Hasan grandson of Prophet Mohammad.

The Kuba Assembly which was closed after **the death of Hasan**, Islamic Democracy and Republican institutions came to life in **Ankara on April 23, 1920, after 1251 years.**

**Mustafa Kemal Ataturk is the first President** to be elected proper to the Islamic Engineering- Sharia after Hasan.

**Mustafa Kemal Ataturk, is the continuing of Hasan.**

## WHO IS ATATURK ?

**Ataturk, is the continuing of Hasan.**

**Islamic Democracy and the Republic - Islamic Grand National Assembly - Kuba Assembly - was destroyed at A.D. 669 by Muawiya and son Yazid, the Deep State and the Dajjal of the time.**

**Ataturk is the most precious Muslim in history, who has re-opened the Islamic Grand National Assembly (IGNM) and has protected the forgotten Sunnah of our Prophet after 1251 years from the Golden Age.**

The foremost mission of the prophets is to establish the management systems that will make humanity free and independent on earth.

All the Prophets are the people who fought at the same time as all the systems of slavery and exploitation, **Fascism, Communism, Theocracy, Satanism and Monarchism.**

**Ataturk** is the only Leader who fought against **Fascism, Communism, Theocracy, Satanism and Monarchism** at the same time in human history.

In this respect, Ataturk is the closest civil leader to the Prophets in history.

In this respect there is no civil leader similar to Ataturk in history.

Democracy and the Republic- Good Moral are the system of free and independent management of people on earth.

**Ataturk** removed the management system of the Turkish nation from the class of **Teocracy and Monarchy** and **moved it to the class of Democracy and the Republic - Good Moral-** the command of Islam.

**Ataturk**, has re-opened the Islamic Grand National Assembly (IGNM) and has protected the forgotten Sunnah of our Prophet after **1251 years**.

In the Islamic history of 1438 years, the most accurate and healthy Islamic Order and the World Opinion **belongs to Ataturk**.

**Ataturk** is a great leader with what he will do, not with what he did.

Soon the whole World, the People of the Earth and the Sky will see it

**ISLAM**  
**DEMOCRACY AND REPUBLIC**  
**(2)**

**Prophet Mohammad Mustafa (pbuh) is the first President elected** by the approval, support and love of the people in Islamic history.

The democratic life in Islamic history began with the opening of the **Kuba Mosque** by the Prophet in 622.

Prophet Mohammad has **destroyed the Monarchy and Reign institutions** by not showing or willing as his place after his death in 632.

In Islamic history, **Abu Bakar is the second President**, who was elected by **Council's recommendation**, the approval, support and love of the people.

Next **Presidents are Omer, Osman, Ali and Hasan.**

In Islamic history, the rule of Muslims with **Democracy and the Republic** lasted for **47 years.**

**ISLAM  
DEMOCRACY AND REPUBLIC  
(3)**

Islamic Engineering-Shariah defines 6 class Management Systems.

- 1.Fascism
- 2.Communism
- 3.Theocracy
- 4.Satanism
- 5.Monarchism

**6.Democracy and the Republic (Good Moral)**

**According to Islamic Engineering-Shariah**, it is both forbidden and guilty to try to govern people and the state with a management system other than Democracy and the Republic [Good Moral].

Muslims aspiring to rule the people and the state in their country have to respect the will of the people **by entering the elections.**

The Muslim administrators who do not respect the will of the people and refuse to enter the elections are the **Messiah Antichrist** in Islamic order.

## **ISLAM'S MANAGEMENT SYSTEMS TEACHING REPUBLIC AND DEMOCRACY**

**Islam is a perfect world view.**

The religion of Islam is the art of Allah, the laws, principles and rules that govern the universe materially and spiritually.

**According to Islam and Books the Torah, the Psalms, the Bible, the Qur'an, the Management Systems are explained as follows.**

**According to the Islamic Ordinance, the people and the Djinnns in the universe deal with 6 different management systems.**

**These management systems are Fascism, Communism, Theocracy, Satanism, Monarchy, Republic and Democracy.**

In the universe there is nothing more valuable than **liberty and independence** for mankind and djinnns.

**Freedom and Independence is the character of God.**

Freedom and Independence is the characteristics of **all Prophets.**

There is **slavery and exploitation** where freedom and independence do not exist.

Freedom and Independence is a universe order at the **base of good and faith.**

Slavery and Exploitation are a universe order **on the base of bad and evil.**

Being Free and Independent is an art.

**According to the Islamic Ordinance :** The only art that leads people and djinns to freedom and independence is the **Republic and Democracy.**

It is also an art to enslave and colonize societies and States.

**According to the Islamic Ordinance :** The divine art that leads people and the djinns to **Slavery and Colonizing is 5.**

**These evil arts are Fascism, Communism, Theocracy, Satanism and Monarchy.**

It is enough to make slaves and colonies of nations and states of any one or a few of these 5 evil arts.

**Fascism + Communism + Theocracy + Satanism + Monarchy = Empirialism. (HEATHEN)**

**It is IMPERIALISM** to attack communities with all 5 evil arts to enslave and colonize States.

Throughout its history, mankind has been governed by 6 management systems.

These management systems are Fascism, Theocracy, Communism, Satanism, Monarchy, Republic and Democracy.

As of 2017, all of our 6 management systems are available in different countries.

**In fascist, communist, theocratic, satanist and monarchist management systems, sovereignty belongs to Dictators.**

## WHAT DOES ANTICHRIST MEANS ?

**The dictator's** word in Islamic religion and at all times is **ANTICHRIST**.

**ANTICHRIST means:**

1. Administrators rejecting Democracy and the Republic.
2. Dictator.

Islam is making 2 different Antichrist definitions.

**i) Dictators in non-Muslim societies are expressed as ANTICHRIST.**

**ii) Muslim Dictators in the Islamic world are defined as MESSIAH ANTICHRIST.**

**The first Messiah Antichrist in Islamic history is Muawiyah and his son Yazid.**

Antichrist is as old as human history.

"Since Adam (pbuh), all Prophets have warned their people against **ANTICHRIST**." **Hadith-i Sharif**

**In fascist, communist, theocratic, satanist, and monarchist management systems, sovereignty belongs entirely to the Antichrists- dictators.**

## WHAT DOES GAG MAGOG MEANS ?

**Gag and Magog means the terror organizations.**

**GAG: terrorist organizations that do not use violence and weapons.**

**GAG : is Master Mind.**

**It is terrorist organizations and terrorists that do not use weapons** and violence to destroy, demolish democratic order, condemn countries, enslave and exploit nations and states to fascist, communist, theocratic, satanist, monarchist management systems,.

**Gag terrorist group** are masters and the financiers of the terrorists behind the curtains and masks.

**Gag terrorist group** is financiers providing all kind of material and spiritual logistic support for Magog terror groups to be able to work comfortably and to be successful !!!!!.

**The Gag terrorist group** is terrorist organization that do not use weapons and violence and responsible for all kinds of financial, monetary and financial support, education, media, press, radio, TV, publicity, image, military technology transfer, intelligence, legal, judicial, communication, transportation, accommodation, providing building services to the Magog terror groups.

**They are terrorist organizations and terrorist organizations that use weapons and violence** to break down the democratic order and condemn countries, enslaving and exploiting nations and states to fascist, communist, theocratic, satanist, monarchist management systems.

## **WHAT IS THE HIDDEN CAUSE BEHIND THE BIRTH OF LORD JESUS CHRIST WITHOUT A FATHER ?**

Prophets are **teachers and engineers** with the highest knowledge and wisdom.

The primary task of the prophets is to ensure that people have a free and independent life order. There are five types of evil management systems that condemn man to slavery and exploitation order.

**These are Fascism, Communism, Theocracy, Satanism, and Monarchism.** All the Prophets in the history are the people who have struggled against the 5 evil management system and their ownership Antichrists.

The most important task of the prophets **is to establish a democratic life order** on the earth.

**With Fascism** the wealth of societies are taken from their hands.

In fascist governments, human beings are **a property.**

**With Communism** Religion, goods, freedoms and children are taken away from the hands of society.

In communist governments people are **slaves.**

**With theocracy,** the honor and dignity are taken from the hands of society.

In theocratic governments people are **worshippers to others.**

**In Satanism,** man is a natural raw material.

For satanist governments, human beings are **animals and natural raw materials.**

With the monarchy, hopes and futures from the hands of society are stolen. In monarchist management systems, people are the **sheep herds**.

The most powerful and long-lasting of these five evil management systems is Monarchism.

**Monarchism is the cement of Fascism, Communism, Theocracy and Satanism.**

**Monarchism (Reign)** was recently destroyed in Europe in 1789 with the French Revolution.

Humanity, Europe and the World, met **Democracy and the Republic** with the French Revolution.

**The French Revolution** is the most important event of recent world history.

**Lord Jesus (pbuh)** If the Prophet had been a Prophet with his brothers and sisters, there would never be a way to grow and settle the **Democracy and the Republican** institutions on earth due to the **struggle of the reign and inheritance**.

**The arrival of Lord Jesus (pbuh)** in the world without father **destroyed the monarchy-reign cement from the earth** and opened the way for mankind to win the war of democracy, republic, freedom and independence as soon as possible.

The maturation of the societies is like a baby grows in many ways. As a result of a life struggle for about 1790 years, all classes of societies have attained an atmosphere and a parade where they can hear their voices.

**Lord Jesus (pbuh)** like all other Prophets during his life, fought against Fascism, Communism, Theocracy, Satanism and Monarchism, and tried to protect humanity from these evil management systems.

**Lord Jesus (pbuh)** like all the prophets, will always be with humanity in the struggle for Democracy, Republic, Freedom and Independence, and will continue to be with them forever.

## **WHO IS MAHDI-MESSIAH-JESUS TO COME ?**

**Mahdi-Messiah- Jesus to be expected, is a geography.**

**This geography is Anatolia.**

**Anatolia** is a geographical place that has been the protectorate for 7000 years of Prophethood (28-30 Prophets) and 4 books.

**Anatolia** is the geography where the teachings of Adam, Eve, Noah, Abraham, David, Moses, Jesus, Muhammad and the four books [Torah, Psalms, Bible, Quran] are best experienced, interpreted and told.

7,000 years is not a great time slot for the cosmic calendar. 7000 years Must be read and read like 7 days.

**Anatolia** is the geographical region where all the Prophet's casemates and students lived most intensely, including Noah, Abraham, David, Moses, Jesus, Muhammad .

Despite the fact that 99% of the population is Muslim, it is possible to find hundreds of thousands of people in Anatolia, who have names such as Jesus and Moses.

In Christian societies it is impossible to find a **Christian named Muhammad** and a **Jew named Jesus in Jews**.

Even this small example is evidence that Adam and Eve teachings were experienced, interpreted and explained **in the best of Anatolia**.

It will be most healthy approach to look at **Mahdi-Messiah- Jesus Christ** to be expected, **as a geography**.

**This very complex structure** in the verse, hadith and real history information in this subject makes such a viewpoint mandatory.

All the affairs that are to be made by the **Mahdi-Messiah- Lord Jesus Christ** that are supposed to come at the time of end are made long time line by line in this geography.

## WHAT IS APOCALYPSE ?

### **1. Apocalypse is the report card.**

Life is the largest school and university. Every person is responsible for the teachings of greatest teachers and engineers Adam and Eve.

Apocalypse is the time that every civilization, state, community and people educated in the life school will see their grades.

### **2. Apocalypse is resurrection, rebirth and rise again.**

As of 2017, the five evil management systems (fascism, communism, theocracy, satanism, and monarchism) in the world are all in full activity.

By 2017, there are no countries, states and people who are fully independent and free in the world.

The apocalypse is the name of a world in which mankind is freed from the hidden or open fascist, communist, theocratic, satanist, and monarchist management systems and has a democratic and republic-based life order.

### **3. As always, it is the end of a movie that the goods win and, the evil lose.**

**4. Apocalypse** is the completion of the enlightenment and informing trial of mankind, beginning with Adam and Eve, and mature with Noah, Abraham, David, Moses, Jesus, and Muhammad.

### **Tevbe Sura 32th Verse**

**They want to (blow) extinguish the light of Allah with their mouths. Even if the unbelievers do not like, Allah never gives up to complete the light.**
